

# ISSTD 2023 Conference Roadmap

<https://stihiv2023.org/>

Check out the Advocacy Corner to discuss the latest in STI advocacy.

Day	Time (in CT)	Room	Session	Title	Presenter
Monday, Jul 24	4:00 to 6:00 PM	Exhibit Hall	Advocacy Zone	N/A	N/A
Monday, Jul 24	8:00 to 11:50 AM	Erie	Pre-Congress Workshop; Morning Session	Using Embedded Program Science to Improve Equity, Optimize Service Coverage, and Achieve Population-level Impact within HIV and STI Prevention and Care Programs	Chaired by: Marissa Becker
Monday, Jul 24	1:00 to 3:15 PM	Erie	Pre-Congress Workshop; Afternoon Session	Using Embedded Program Science to Improve Equity, Optimize Service Coverage, and Achieve Population-level Impact within HIV and STI Prevention and Care Programs	Chaired by: Helen Ward
Monday, Jul 24	8:30 to 3:00 PM	Chicago VIII	Pre-Congress Workshop	IUSTI World 100 Hundred Years Celebration Advanced Course	Organized by IUSTI Europe at the ISSTD-IUSTI World Conference in Chicago
Monday, Jul 24	8:00 to 3:00 PM	Chicago VI	Pre-Congress Workshop	WHO Sessions	WHO
Monday, Jul 24	11:00 to 2:00 PM	Cadmium Room	Pre-Congress Workshops: Afternoon Sessions	The STI Prevention Pipeline: Where Are We, and What Will It Take to Move Forward Faster?	N/A
Monday, Jul 24	2:00 to 3:00 PM	Mayfair Room	Early Career Mentoring Hour	This early career mentoring hour will provide early career researchers the opportunity to network with senior experts from around the world! Come along to expand your professional networks and gain advice on building a career in the STI field.	N/A
Monday, Jul 24	4:00 to 6:00 PM	Sheraton Ballroom	Opening Session	Opening Session	Irina Tabidze Allison Arwady Leandro Mena Professor Kevin Fenton
Monday, Jul 24	6:00 to 8:00 PM	Lizzie McNeill's	Community Happy Hour	N/A	AVAC
Tuesday, Jul 25	8:00 to 6:00 PM	Exhibit Hall	Advocacy Zone	N/A	N/A
Tuesday, Jul 25	10:00 to 11:30 PM	Chicago VI	Symposium: Tackling Stigma, Strengthening Communities	STIs – the risk of stigmatising stigma	Jorge Saavedra
Tuesday, Jul 25	10:00 to 11:30 PM	Chicago VI	Symposium: Tackling Stigma, Strengthening Communities	Decriminalisation of same-sex relations and social attitudes	Rayner Tan
Tuesday, Jul 25	10:00 to 11:30 PM	Chicago VI	Symposium: Tackling Stigma, Strengthening Communities	The Longest Mile: Stigma's impact on sexual health for women in the Southern US	Latesha Elopre
Tuesday, Jul 25	10:00 to 11:30 PM	Sheraton Ballroom	Spotlight: Innovations in STI Care		Moderators: Catherine Mathews and Emma Harding-Esch Organiser: Emma Harding-Esch
Tuesday, Jul 25	10:00 to 11:30 PM	Sheraton Ballroom	Spotlight: Innovations in STI Care	How to maximise potential of point-of-care tests & decentralised testing	Teodora Wi
Tuesday, Jul 25	10:00 to 11:30 PM	Sheraton Ballroom	Spotlight: Innovations in STI Care	How much can automated care replace clinicians?	Claudia Estcourt
Tuesday, Jul 25	10:00 to 11:30 PM	Sheraton Ballroom	Spotlight: Innovations in STI Care	Social innovation and STI care	Joe Tucker
Tuesday, Jul 25	2:30 to 4:00 PM	Sheraton Ballroom	Spotlight: STI Guidelines	Why are there differences in our guidelines?	Kim Workowski
Tuesday, Jul 25	2:30 to 4:00 PM	Sheraton Ballroom	Spotlight: STI Guidelines	Addressing trans and non-binary health in guidelines	Asa Radix
Tuesday, Jul 25	2:30 to 4:00 PM	Sheraton Ballroom	Spotlight: STI Guidelines	Living guidelines – what does good look like	Jackie Sherrard
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VIII	Symposium: Queer Theory and Intersectionality in STI prevention and care	Centering Sex Positivity in STI & HIV prevention	Ruth Morgan Thomas

Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VIII	Symposium: Queer Theory and Intersectionality in STI prevention and care	Community-Led Responses: Vital for Effective STI Interventions, Policy and Impact	Solange Baptiste
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VIII	Symposium: Queer Theory and Intersectionality in STI prevention and care	Chemsex & Sexualised Drug Use	Glenn-Milo Santos
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VIII	Symposium: Queer Theory and Intersectionality in STI prevention and care	Trans and Non-Binary Sexual Health	Olivia Van Gerwen
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VI	Symposium: New vaccine approaches to STI prevention	State of syphilis vaccine development	Lorenzo Giacani
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VI	Symposium: New vaccine approaches to STI prevention	State of vaccine development for Neisseria gonorrhoeae	Sanjay Ram
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VI	Symposium: New vaccine approaches to STI prevention	State of chlamydia vaccine development	Alvaro Borges
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VI	Symposium: New vaccine approaches to STI prevention	STI vaccine acceptance and equity	Alison Footman
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VII	Oral Session: Optimizing urethritis treatment – M. genitalium and pathogens of idiopathic urethritis	Exploring current etiologies of urethritis: associations of urethral microorganisms and urethritis among men attending 6 STD clinics in the US, 2017-2018	Emily Learner
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VII	Oral Session: Optimizing urethritis treatment – M. genitalium and pathogens of idiopathic urethritis	gyrA mutations in Mycoplasma genitalium contribute to moxifloxacin failure – a new target for resistance-guided therapy	Gerald Murray
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VII	Oral Session: Optimizing urethritis treatment – M. genitalium and pathogens of idiopathic urethritis	MgSeq: Enabling M. genitalium identification and antimicrobial resistance detection in genital and extra-genital samples from female sex workers in Ecuador using multiplex PCR and nanopore sequencing	Claire Broad
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VII	Oral Session: Optimizing urethritis treatment – M. genitalium and pathogens of idiopathic urethritis	Mycoplasma genitalium Surveillance Data from 2020-2022: Results from the Mycoplasma genitalium in the US (MyGeniUS) Project	Lisa Manhart
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VII	Oral Session: Optimizing urethritis treatment – M. genitalium and pathogens of idiopathic urethritis	Efficacy of minocycline for the treatment of Mycoplasma genitalium	Lenka A. Vodstrcil
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago VII	Oral Session: Optimizing urethritis treatment – M. genitalium and pathogens of idiopathic urethritis	Idiopathic nongonococcal urethritis may be due to emerging and spontaneously cleared pathogens	David Nelson
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago X	Oral Session: Biomedical prevention for STIs and HIV	High uptake of Doxycycline for STI prevention (doxy-PEP) among individuals using HIV PrEP at a municipal sexual health clinic in San Francisco, California	Oliver Bacon
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago X	Oral Session: Biomedical prevention for STIs and HIV	Syphilis testing, incidence, and reinfection among gay and bisexual men with and without HIV in Australia over a decade spanning HIV PrEP implementation	Michael Traeger
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago X	Oral Session: Biomedical prevention for STIs and HIV	Self-reported adherence to event-driven doxycycline postexposure prophylaxis for sexually transmitted infection prevention among cisgender women	Jenell Stewart
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago X	Oral Session: Biomedical prevention for STIs and HIV	A genomic perspective on the near-term impact of doxycycline post-exposure prophylaxis on Neisseria gonorrhoeae antimicrobial resistance	Tatum Mortimer

Tuesday, Jul 25	2:30 to 4:00 PM	Chicago X	Oral Session: Biomedical prevention for STIs and HIV	Discontinuation of Pre-Exposure Prophylaxis and associated factors among Female Commercial Sex Workers attending the most at-risk population clinic, Mulago Hospital, Uganda	Racheal Naturinda
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago X	Oral Session: Biomedical prevention for STIs and HIV	PrEP outcomes and sexual health in China during COVID-19 lockdowns	Chunyan Li
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago IX	Oral Session: HIV PrEP, Viral STIs	PrEP Method Preferences and Anticipated Stigma Among Female, Male, and Transgender Sex Workers in India	Anne Fehrenbacher
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago IX	Oral Session: HIV PrEP, Viral STIs	THE ACCEPTABILITY OF PHARMACY-DELIVERED PREP IN KENYA: PROVIDER AND CLIENT PERCEPTIONS	Magdaline Asewe
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago IX	Oral Session: HIV PrEP, Viral STIs	Concordance between self-reported PrEP use using a diary app and intracellular tenofovir diphosphate in the Amsterdam PrEP demonstration project	Eline Wijstma
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago IX	Oral Session: HIV PrEP, Viral STIs	Age patterns of HSV-2 incidence and prevalence in two communities in Rakai, Uganda: a catalytic incidence model applied to population-based seroprevalence data	Lilith Whittles
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago IX	Oral Session: HIV PrEP, Viral STIs	Pritelivir for the treatment of resistant HSV infections in immunocompromised patients: update on an ongoing Phase 3 trial and Early Access Program	Alexander Birkmann
Tuesday, Jul 25	2:30 to 4:00 PM	Chicago IX	Oral Session: HIV PrEP, Viral STIs	Knowledge and acceptability of Human Papillomavirus vaccination for young adult women in rural Mysore District, India: a qualitative study	Kate Coursey
Tuesday, Jul 25	4:00 to 6:00pm	Exhibit Hall	Exhibits/Posters/Advocacy	HIV Vaccine Opinions Among Parents in Alabama Poster Presentation	Alison Footman
Tuesday, Jul 25	4:00 to 6:00pm	Exhibit Hall	Exhibits/Posters/Advocacy	STI and Cancer Vaccines Poster Presentation	Alison Footman
Tuesday, Jul 25	4:00 to 6:00pm	Exhibit Hall	Exhibits/Posters/Advocacy	HPV Vaccination at Age 9 and Implementation Science Poster	Alison Footman
Wednesday, Jul 26	8:00 to 6:00 PM	Exhibit Hall	Advocacy Zone	N/A	N/A
Wednesday, Jul 26	10:00 to 11:30 AM	Chicago VII	Symposium: Centering Equity, Inclusion and Diversity in STI Research - Lizzi Torrone	Why is it critical to center equity, inclusion, diversity in STI/HIV research?	Margaret Kisikaw Piyesis
Wednesday, Jul 26	10:00 to 11:30 AM	Chicago VII	Symposium: Centering Equity, Inclusion and Diversity in STI Research - Lizzi Torrone	What are possible unintended consequences of research?	Emily Learner
Wednesday, Jul 26	10:00 to 11:30 AM	Chicago VII	Symposium: Centering Equity, Inclusion and Diversity in STI Research - Lizzi Torrone	Evidence based approaches to center equity, inclusion, and diversity	Zinhle Sokhela
Wednesday, Jul 26	10:00 to 11:30 AM	Chicago VII	Symposium: Centering Equity, Inclusion and Diversity in STI Research - Lizzi Torrone	Building trust in communities for STI prevention interventions	Roxanne Keran
Wednesday, Jul 26	10:00 to 11:30 AM	Chicago VIII	Oral Session: Gonorrhoea: epidemiology and vaccine	Optimal gonorrhoea control through vaccination and screening: a mathematical modeling and cost-effectiveness study	Austin Williams
Wednesday, Jul 26	10:00 to 11:30 AM	Chicago VIII	Oral Session: Gonorrhoea: epidemiology and vaccine	Global Surveillance for Antimicrobial Resistant Neisseria gonorrhoeae through the Enhanced Gonococcal Antimicrobial Surveillance Programme (EGASP), 2015-2022	Rebekah Frankson

Wednesday, Jul 26	10:00 to 11:30 PM	Chicago VIII	Oral Session: Gonorrhoea: epidemiology and vaccine	Should we use the 4CMenB (Bexsero®) meningitis vaccine to protect men who have sex with men (MSM) in England against gonorrhoea? A model-based analysis of impact and cost-effectiveness.	Dariya Nikitin
Wednesday, Jul 26	10:00 to 11:30 AM	Chicago VIII	Oral Session: Gonorrhoea: epidemiology and vaccine	Characterisation of meningococcal vaccine-induced antibodies to Neisseria gonorrhoeae	Kate Seib
Wednesday, Jul 26	10:00 to 11:30 AM	Chicago VIII	Oral Session: Gonorrhoea: epidemiology and vaccine	Targeted metagenomic analysis shows distinct Neisseria gonorrhoeae strains at separate anatomical sites occur more commonly than mixed strain infections: implications for surveillance	Brian van der veer
Wednesday, Jul 26	10:00 to 11:30 AM	Chicago VIII	Oral Session: Gonorrhoea: epidemiology and vaccine	Effect of oropharyngeal colonization with Neisseria meningitidis on subsequent risk of gonorrhoea	Abigail Norris Turner
Wednesday, Jul 26	10:00 to 11:30 AM	Sheraton Ballroom	Spotlight: Epidemic Preparedness, mpox and beyond – Andy Winte	Mpox – state of the art clinical review	Boghuma Titanji
Wednesday, Jul 26	10:00 to 11:30 AM	Sheraton Ballroom	Spotlight: Epidemic Preparedness, mpox and beyond – Andy Winte	Strengthening epidemic preparedness	Nicola Low
Wednesday, Jul 26	2:30 to 4:00 PM	Sheraton Ballroom	Spotlight: Addressing the HIV and STI syndemic: what prevention looks like in 2023 - Meredith Clement & Patty Kissinger	Improving the HIV PEP / PrEP interface	Sheena McCormack
Wednesday, Jul 26	2:30 to 4:00 PM	Sheraton Ballroom	Spotlight: Addressing the HIV and STI syndemic: what prevention looks like in 2023 - Meredith Clement & Patty Kissinger	STI biomedical prevention in 2023: DoxyPEP and beyond	Connie Celum
Wednesday, Jul 26	2:30 to 4:00 PM	Sheraton Ballroom	Spotlight: Addressing the HIV and STI syndemic: what prevention looks like in 2023 - Meredith Clement & Patty Kissinger	Integrating HIV and STI research: Breaking down the silos	Hyman Scott
Wednesday, Jul 26	2:30 to 4:00 PM	Chicago VII	Symposium: Implementation to Scale - Sebastian Fuller & Emma Harding-Esch	Should every successful intervention be scaled-up? The SHE clinic: an inclusive, locally-specific healthcare model for women who inject drugs and exchange sex in Seattle, WA	Maria Corcorran
Wednesday, Jul 26	2:30 to 4:00 PM	Chicago VII	Symposium: Implementation to Scale - Sebastian Fuller & Emma Harding-Esch	Policy and clinical readiness analysis: barriers and facilitators to the integration of doxycycline post-exposure prophylaxis into Kenyan HIV PrEP programs	Felix Ong'era Mogaka
Wednesday, Jul 26	2:30 to 4:00 PM	Chicago VII	Symposium: Implementation to Scale - Sebastian Fuller & Emma Harding-Esch	Trickle-up HIV care	Jade Pagkas-Bather
Wednesday, Jul 26	10:00 to 11:30 AM	Sheraton Ballroom	Spotlight: Epidemic Preparedness, mpox and beyond – Andy Winte	Personal reflections on mpox and stigma	Harun Tulunay
Wednesday, Jul 26	2:30 to 4:00 PM	Chicago X	Oral Session: Reducing stigma and improving care for sexual minorities and other vulnerable populations	Inclusion that matters – Trans and gender diverse peoples' perspectives on sexual health services in the United Kingdom	Tom Witney
Wednesday, Jul 26	2:30 to 4:00 PM	Chicago X	Oral Session: Reducing stigma and improving care for sexual minorities and other vulnerable populations	Measuring and Reducing Enacted Healthcare Stigma for Sexual Minorities and People Living with HIV: An Incognito Patient Approach	M. Kumi Smith
Wednesday, Jul 26	2:30 to 4:00 PM	Chicago X	Oral Session: Reducing stigma and improving care for sexual minorities and other vulnerable populations	TXTXT Implementation Preparation: Identifying Contextual Barriers and Facilitators to HIV Medication Adherence Among Youth Across 12 Clinics Nationwide	Katie Nikolajuk

Wednesday, Jul 26	2:30 to 4:00 PM	Chicago X	Oral Session: Reducing stigma and improving care for sexual minorities and other vulnerable populations	STI testing and treatment in pregnancy may be limited by re-infection from untreated partners	Mandisa Mdingi
Wednesday, Jul 26	2:30 to 4:00 PM	Chicago X	Oral Session: Reducing stigma and improving care for sexual minorities and other vulnerable populations	Mixed methods analysis of network structures, support exchanged, and communication patterns within the social networks of transgender women in Lima, Peru	Cherie S Blair
Wednesday, Jul 26	2:30 to 4:00 PM	Chicago X	Oral Session: Reducing stigma and improving care for sexual minorities and other vulnerable populations	Geosocial-Networking App Use Among Men Who Have Sex with Men in High HIV Community Viral Load Areas of Baltimore City	Errol Fields
Wednesday, Jul 26	2:30 to 4:00 PM	Michigan A/B	Late Breaker Oral Session: Gonorrhoea and M. genitalium	Evolving antimicrobial resistance in Mycoplasma genitalium: an updated global systematic review and meta-analysis	Teck-Phui Chua
Wednesday, Jul 26	2:30 to 4:00 PM	Michigan A/B	Late Breaker Oral Session: Gonorrhoea and M. genitalium	Does screening for Neisseria gonorrhoeae and Chlamydia trachomatis affect the incidence of these infections in MSM taking HIV-PrEP? Results from a randomized, multicenter, controlled trial	Thibaut Vanbaelen
Wednesday, Jul 26	2:30 to 4:00 PM	Michigan A/B	Late Breaker Oral Session: Gonorrhoea and M. genitalium	High prevalence of STIs among men engaged in transactional sex and alcohol use in western Kenya: Important implications for STI intervention	Sue Napierala
Wednesday, Jul 26	2:30 to 4:00 PM	Michigan A/B	Late Breaker Oral Session: Gonorrhoea and M. genitalium	Initial findings from increased gonorrhea culture surveillance in Massachusetts	Heather Elder
Wednesday, Jul 26	2:30 to 4:00 PM	Michigan A/B	Late Breaker Oral Session: Gonorrhoea and M. genitalium	Detection of two ceftriaxone non-susceptible Neisseria gonorrhoeae isolates in an HIV pre-exposure prophylaxis program in Vietnam	Paul Adamson
Wednesday, Jul 26	2:30 to 4:00 PM	Michigan A/B	Late Breaker Oral Session: Gonorrhoea and M. genitalium	Development of a Cas13a-based Point-of-Care Test for Neisseria gonorrhoeae Detection and Gyrase A Genotype Determination	Lao-Tzu Allan-Blitz
Wednesday, Jul 26	4:00 to 6:00pm	Exhibit Hall	Exhibits/Posters/Advocacy	HIV Vaccine Opinions Among Parents in Alabama Poster Presentation	Alison Footman
Wednesday, Jul 26	4:00 to 6:00pm	Exhibit Hall	Exhibits/Posters/Advocacy	STI and Cancer Vaccines Poster Presentation	Alison Footman
Wednesday, Jul 26	4:00 to 6:00pm	Exhibit Hall	Exhibits/Posters/Advocacy	HPV Vaccination at Age 9 and Implementation Science Poster	Alison Footman
Thursday, Jul 27	8:00 to 6:00 PM	Exhibit Hall	Advocacy Zone	N/A	N/A
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton IV/V	Spotlight: New Paradigms in Sexual Health - Brad Stoner	Will Vaccines for STIs Replace Antimicrobials?	David Lewis
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton IV/V	Spotlight: New Paradigms in Sexual Health - Brad Stoner	STI and Youth: Addressing Root Causes	Debra Hauser
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton IV/V	Spotlight: New Paradigms in Sexual Health - Brad Stoner	Key population-led health services	Jagadiša-devaśrī Dācus
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton IV/V	Spotlight: New Paradigms in Sexual Health - Brad Stoner	Indigenous perspectives in sexual health	Margaret Kisikaw Piyesis
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton III	Symposium: Advances in accessing, analysing and disseminating STI data – Lizzi Torrone	Applying advances made during the COVID-19 pandemic to access and disseminate STI and sexual health data	Meaghan Kall
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton III	Symposium: Advances in accessing, analysing and disseminating STI data – Lizzi Torrone	Filling in the gaps: Collecting and triangulating data to improve STI services	Christina Schumacher
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton III	Symposium: Advances in accessing, analysing and disseminating STI data – Lizzi Torrone	STI data: What does the public actually want?	Rachel Kachur

Thursday, Jul 27	10:00 to 11:30 AM	Sheraton III	Symposium: Advances in accessing, analysing and disseminating STI data – Lizzi Torrone	Chat STD? Enhancing Prevention, Surveillance, and Sexual Health with AI The future is now: Applying AI and machine learning to prevent STIs and improve sexual health	Jeremy Grey
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton I	Oral Session: Pathogenesis and prevention of Chlamydia trachomatis infections	Chlamydia trachomatis and the risk of pelvic inflammatory disease, ectopic pregnancy, and fertility in women: final results of the Netherlands Chlamydia Cohort Study (NECCST)	Zoïe Alexiou
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton I	Oral Session: Pathogenesis and prevention of Chlamydia trachomatis infections	Oral inoculation of Chlamydia trachomatis (CT) can lead to viable rectal CT infection	Christine Khosropour
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton I	Oral Session: Pathogenesis and prevention of Chlamydia trachomatis infections	Do we understand rectal chlamydia infections in women? A study including different anatomical sites, quantification and viability of Chlamydia trachomatis in two Swedish STI-clinics	Mimmi Wänn
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton I	Oral Session: Pathogenesis and prevention of Chlamydia trachomatis infections	Characterising CD4+ T cell responses to Chlamydia trachomatis in highly exposed young South African women	Rubina Bunjun
Thursday, Jul 27	10:00 to 11:30 AM	Sheraton I	Oral Session: Pathogenesis and prevention of Chlamydia trachomatis infections	Evaluating Chlamydia trachomatis and Neisseria Gonorrhoeae screening among asymptomatic pregnant women to prevent preterm birth and low birth weight in Gaborone, Botswana.	Adriane Wynn
Thursday, Jul 27	11:30 to 1:00 PM	Sheraton IV/V Room	Setting Up a Remote/Home Testing STI Programme: a practical toolkit	N/A	Sara Day John White Vanessa Apea Hilary Reno Alison Footman
Thursday, Jul 27	11:30 to 1:00 PM	N/A	STI International Exchange Diagnostic Panel Discussion	N/A
