The UNAIDS 10-Point Plan for Making Progress on Prevention

Strengthen accountability for prevention, including all stakeholders

Establish or strengthen HIV prevention program monitoring systems.

Assess available resources for prevention and develop a strategy to close the financing gap.

Establish or strengthen social contracting mechanisms for civil society implementers and expand community-based programs.

Develop consolidated prevention capacity-building and a technical assistance plan. Conduct a strategic assessment of key prevention needs and identify policy and program barriers to progress.

2

national targets and road maps for HIV prevention by 2020.

Develop or revise

Strengthen national prevention leadership and make institutional changes to enhance HIV prevention oversight and management.

Introduce the necessary policy and legal changes to create an enabling environment for prevention programs.

Develop guidance, formulate intervention packages, identify service delivery platforms and update operational plans.
