

Regulatory Status of Truvada for PrEP

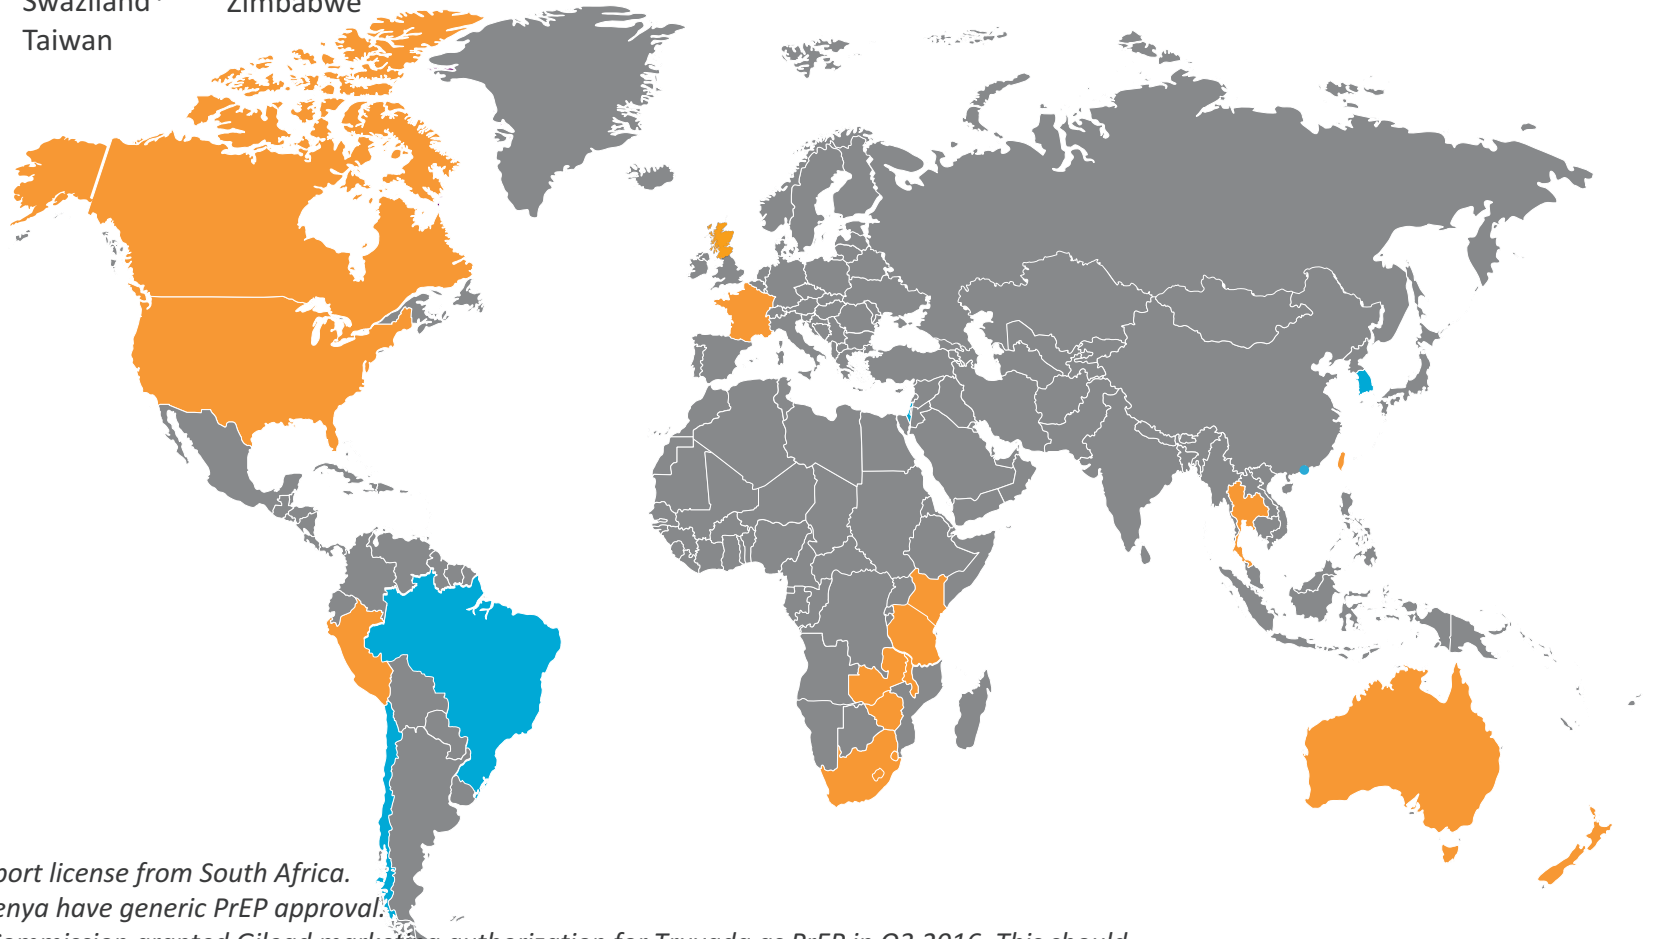

Truvada approved for prevention¹

Australia	New Zealand	Tanzania
Canada	Peru	Thailand
France	Scotland	United States
Kenya	South Africa	Zambia
Lesotho*	Swaziland*	Zimbabwe
Malawi	Taiwan	

Regulatory application submitted for a prevention indication for Truvada²

Brazil	Israel
Chile	South Korea
Hong Kong	

**Approved via import license from South Africa.*

1. India, SA and Kenya have generic PrEP approval.

2. The European Commission granted Gilead marketing authorization for Truvada as PrEP in Q3 2016. This should encourage countries within the EU to make PrEP available within their national health systems, based on cost factors and individual country regulatory requirements.
