

# ROLLING OUT PrEP AND HIVST IN TANZANIA: OPPORTUNITIES AND CHALLENGES

#STAYPrEPARED

## OBJECTIVES

- ◆ To document young women's opinions and acceptability of PrEP and HIV self testing in Tanzania to inform policy development and amendment
- ◆ To advocate and influence policy development towards implementation of HIVST and rollout of PrEP among young women (15-24 years) in Tanzania
- ◆ Foster an informed and enabling environment for rollout of self-testing and PrEP

## KEY ACCOMPLISHMENTS

- ◆ Launch of PrEP and HIVST demonstration project in April 2018 Tanzania
- ◆ Amendment of the current HAPC Act.2008 (Age of consent & Self-test)
- ◆ Country's commitment to move PrEP from implementation science to full-scale rollout
- ◆ Growing network of young women/advocates
