

EXPLORE DATA IMPLEMENTATION AND ACCESS TO PREP ACROSS THE GLOBE

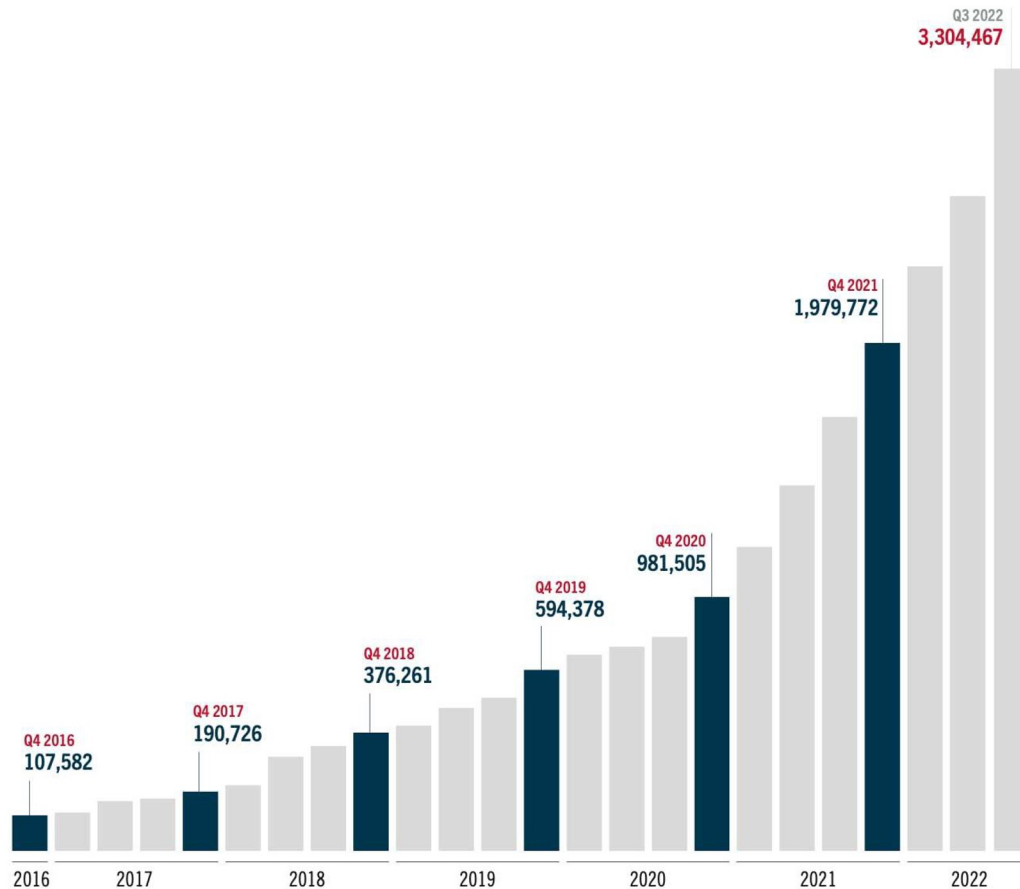

PrEPWatch.org

LATEST NEWS:

Zimbabwe is the first country in Africa to announce regulatory approval of CAB for PrEP • Merck announces monthly oral islatravir development for PrEP

Today's Agenda

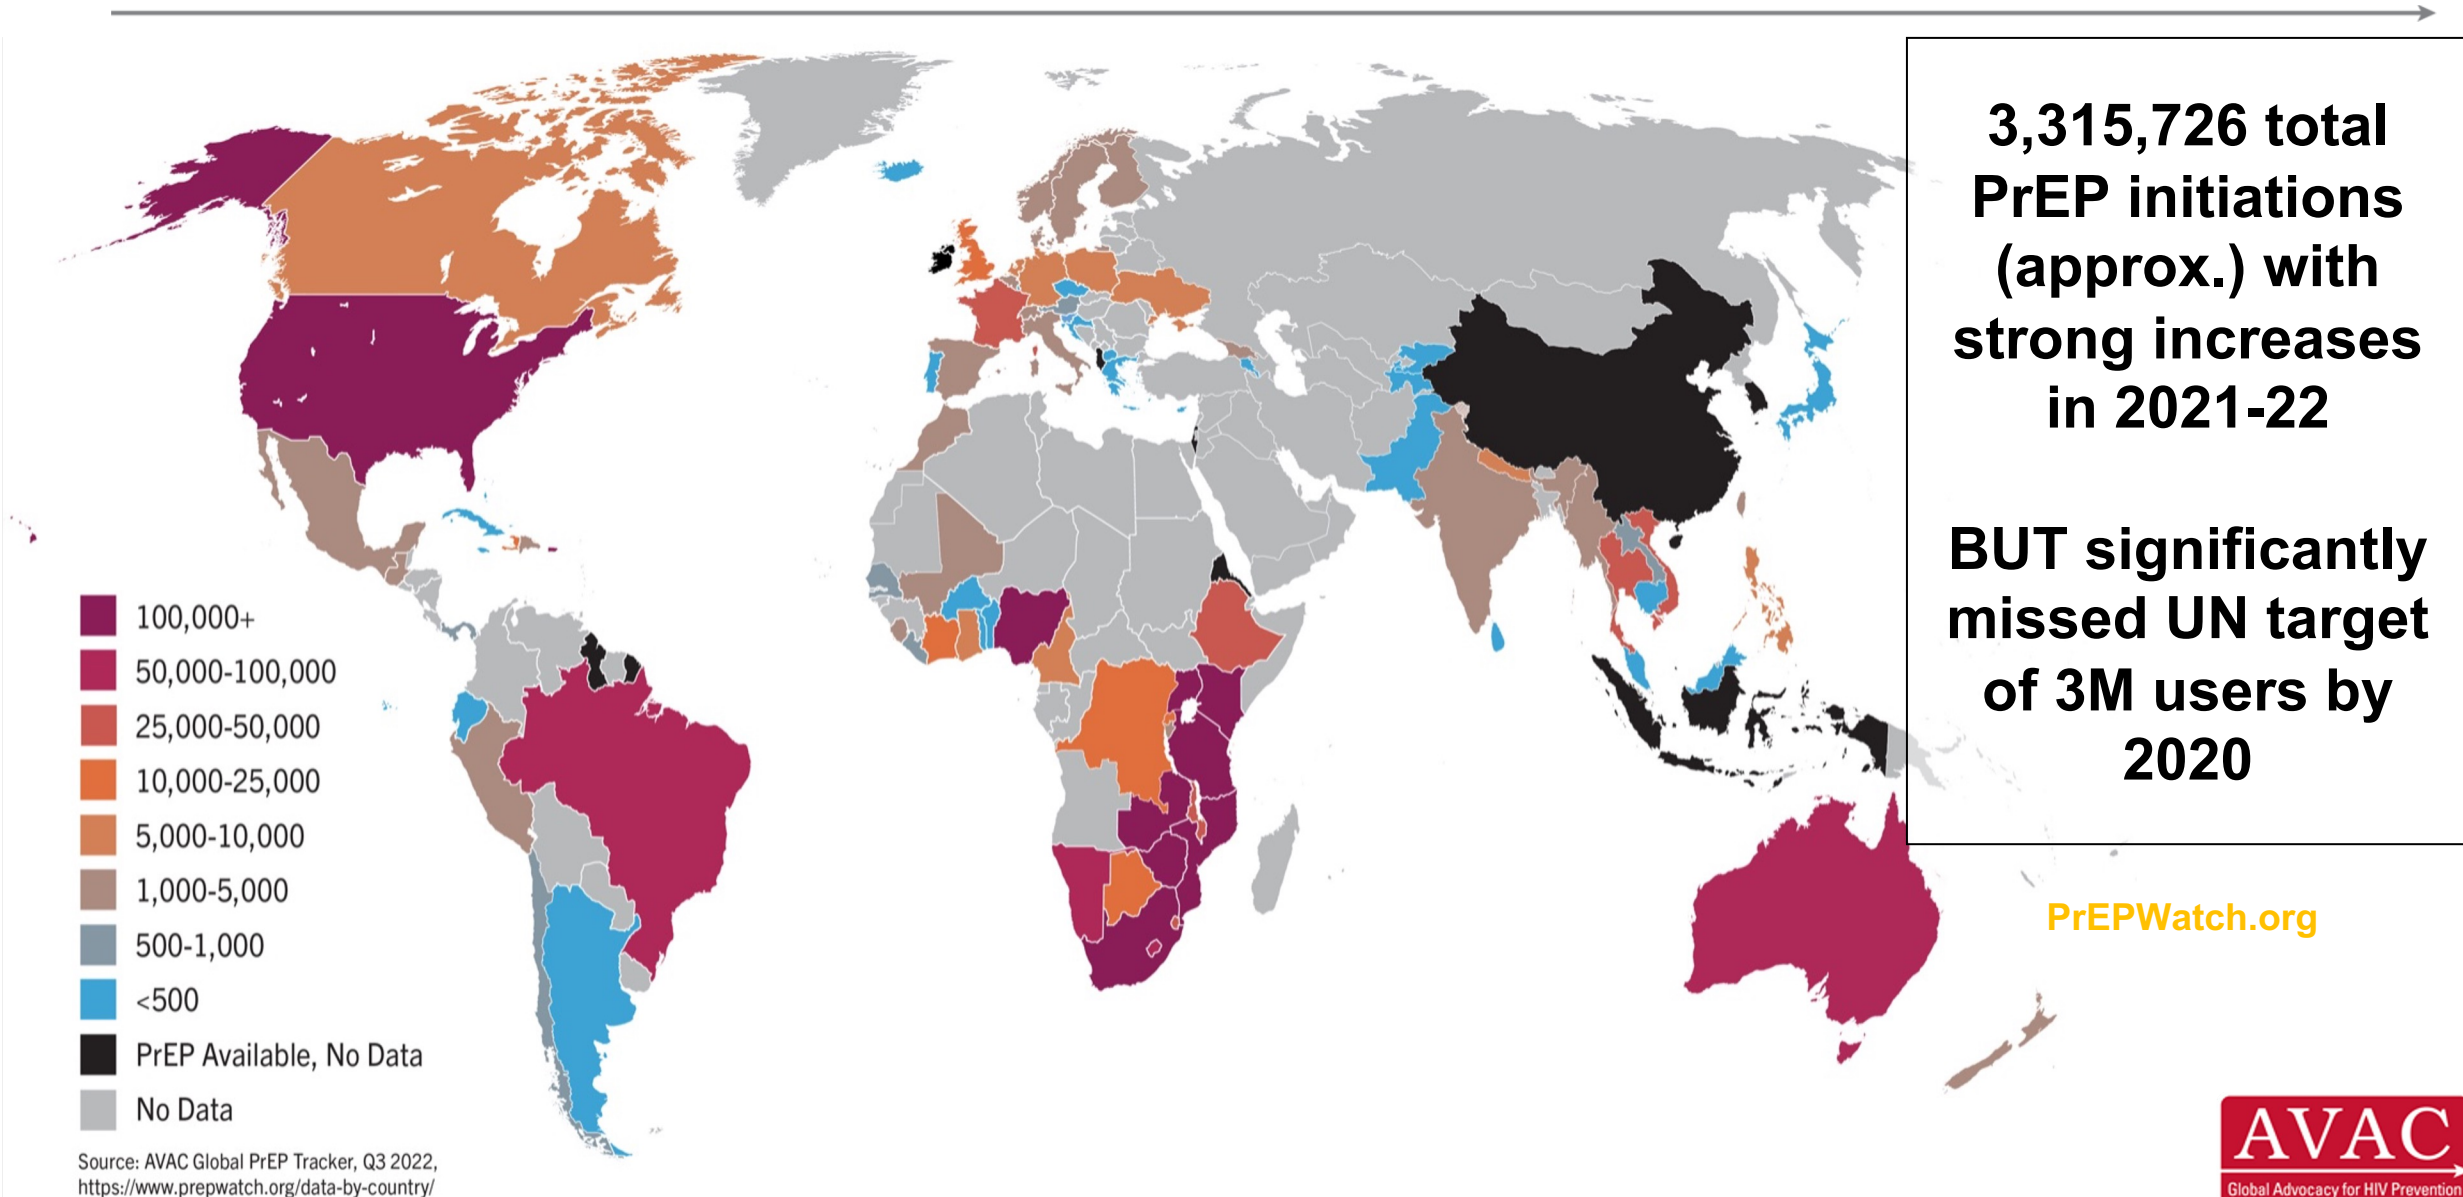

New PrEP Data

New & Improved Resource

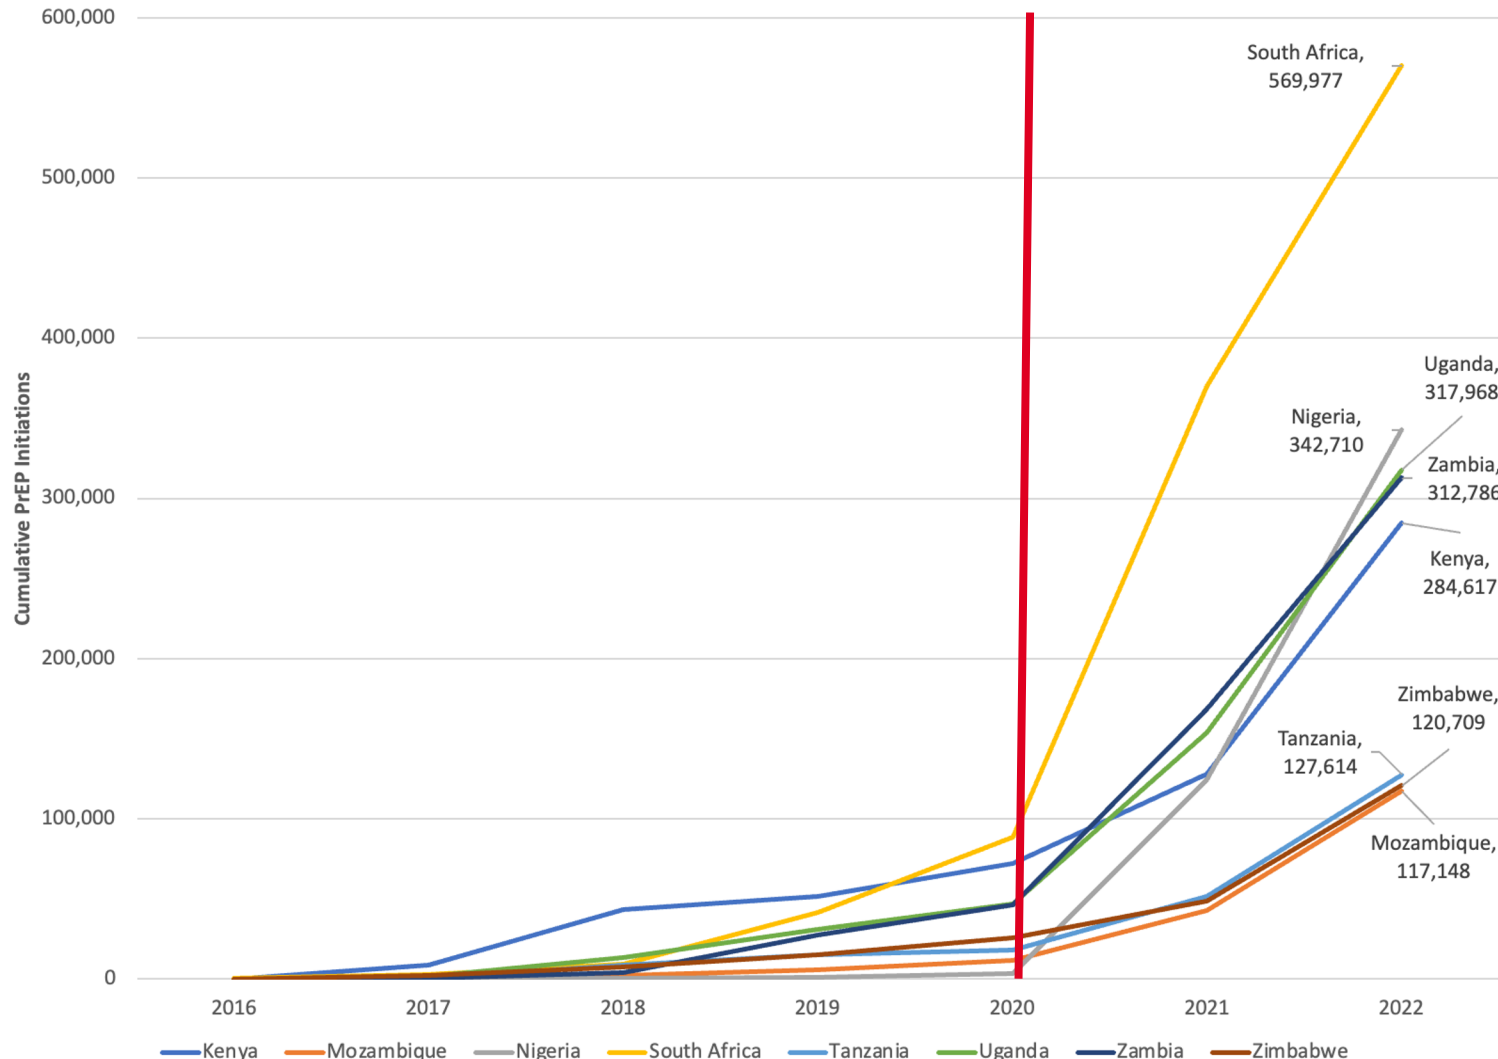

The image shows two overlapping website screenshots. The top screenshot is the AIDS Vaccine Clearinghouse website, featuring a header with the title 'AIDS Vaccine Clearinghouse' and a navigation bar with links: 'CONTACT US', 'JOIN THE AVAC MAILING LIST', 'HOME', and 'ABOUT AVAC'. Below the header is a section titled 'OVERVIEW' with a list of topics including 'PrEP Watch', 'General & Introductory Information', 'Vaccine Science, Research & Product Development', 'Clinical Trials Around the World', 'Communities and Cohorts', 'Participation in a Trial', 'Ethics & Human Rights', 'Community Involvement', 'Vaccine Advocacy', 'Policy', 'Global Access', 'Comprehensive Response to AIDS', 'Global HIV Vaccine Enterprise', 'Advocates' Network', and 'PrEP Watch'. The bottom screenshot is the PrEPWatch website, featuring a header with the title 'PrEPWatch' and a navigation bar with links: 'PRODUCTS & PARTNERS', 'STORIES', 'EVENTS', 'DATA BY COUNTRY', 'PREP PLANNING', and 'RESOURCES'. Below the header is a large section titled 'EXPLORE DATA IMPLEMENTATION AND ACCESS TO PREP ACROSS THE GLOBE' with a map of the world in the background. A 'LATEST NEWS' section is also visible, mentioning 'Zimbabwe is the first country in Africa to announce regulatory approval of CAB for PrEP' and 'Merck announces monthly oral islatravir development for PrEP'.

Global PrEP Uptake – 10 years in

Q3 Data – What We Know About Implementation

Trajectory of Countries with Most PrEP Initiations in SSA, 2016-2022

- South Africa reached 570,000 cumulative initiations, becoming the country with the greatest number of PrEP initiations in the world.
- Nigeria, Uganda, and Zambia exceeded 300,000 cumulative initiations.
- Mozambique and Zimbabwe broke 100,000 cumulative initiations in Q3 2022.
- USA exceeded 300,000 cumulative initiations, increasing by almost 136,000 initiations this year.
- Australia and Zimbabwe approved CAB
