

AIDS 2026 Roadmap

*All times are BRT

Session Code	Title	Date	Time	Type	Track	Location	Intervention
PC0101	Advancing HIV prevention science and access - Session 1: Framing the future of HIV prevention: Progress, gaps, and the meaning of choice	26-Jul	08:00 - 09:00	Pre-conference session		202	
PC0301	HIV cure without borders: Science, community and Latin America and Caribbean perspectives - Welcome networking	26-Jul	08:00 - 09:00	Pre-conference session		204	Cure
PC0102	Advancing HIV prevention science and access - Session 2: Expanding the biomedical HIV prevention toolbox	26-Jul	09:30 - 11:00	Pre-conference session		202	PrEP, PEP, LA-PrEP
PC0302	HIV cure without borders: Science, community and Latin America and Caribbean perspectives - Opening and setting the scene	26-Jul	09:30 - 11:00	Pre-conference session		204	Cure
PC0103	Advancing HIV prevention science and access - Session 3: Basic science shaping the future of HIV prevention: Innovations in HIV vaccine development	26-Jul	11:30 - 13:00	Pre-conference session		202	HIV Vaccine
PC0303	HIV cure without borders: Science, community and Latin America and Caribbean perspectives - Basic science and translational clinical studies on HIV cure	26-Jul	11:30 - 13:00	Pre-conference session		204	Cure
PC0104	Advancing HIV prevention science and access - Session 4: Maintaining the momentum: From scientific innovation to real-world choice	26-Jul	14:00 - 15:00	Pre-conference session		202	HIV Vaccine

PC0304	HIV cure without borders: Science, community and Latin America and Caribbean perspectives - Involving key populations and underrepresented communities in HIV cure research	26-Jul	14:00 - 15:00	Pre-conference session		204	Cure
PC0105	Advancing HIV prevention science and access - Session 5: Delivering prevention: From innovation to real-world choice	26-Jul	15:30 - 17:00	Pre-conference session		202	PrEP
PC0305	HIV cure without borders: Science, community and Latin America and Caribbean perspectives - Lessons learned from other fields	26-Jul	15:30 - 17:00	Pre-conference session		204	Cure
PC0106	Advancing HIV prevention science and access - Session 6: Perspectives and priorities: What will change the course of the epidemic?	26-Jul	17:30 - 19:00	Pre-conference session		202	
PC0306	HIV cure without borders: Science, community and Latin America and Caribbean perspectives - Opportunities and challenges for HIV cure research and implementation in Latin America and the Caribbean and what can be learned from other settings	26-Jul	17:30 - 19:00	Pre-conference session		204	Cure
SAT25	Advances in HIV post-exposure prophylaxis (PEP): Regulatory challenges and clinical trial designs	27-Jul	09:30 - 11:00	Satellite		103	PEP
SAT50	From evidence to access: Implementation science to inform Lenacapavir scale-up	27-Jul	09:30 - 11:00	Satellite		204	PrEP
SAT58	Shared Pipeline; Shared Goal: Innovations in Long-Acting Antiretrovirals for PrEP, PEP and Treatment	27-Jul	11:30 - 12:30	Satellite		103	PrEP, PEP, Treatment
SAT22	Galvanizing HIV cure research in LMICs - Lessons and perspectives from Africa	27-Jul	11:30 - 12:30	Satellite		205	Cure
SAT55	From Product to Impact: National Strategies to Scale Lenacapavir and Accelerate HIV Epidemic Control	27-Jul	13:00 - 14:30	Satellite		202	PrEP, LEN

SAT01	Advancing HIV cure research in Africa and Latin America and Caribbean	27-Jul	13:00 - 14:30	Satellite		103	Cure
SAT41	WHO clinical, service delivery and surveillance updates: new recommendations for HIV and sexually transmitted infections	27-Jul	15:00 - 16:30	Satellite		201	PrEP
SAT39	Expanding prevention choice: Early Lessons from twice-yearly Lenacapavir introduction	27-Jul	15:00 - 16:30	Satellite		202	PrEP, LEN
SAT08	Access where it counts: Expanding PrEP beyond clinics	27-Jul	15:00 - 16:30	Satellite		203	PrEP
SAT57	Immune based strategies for HIV prevention and treatment	27-Jul	15:00 - 16:30	Satellite		103	bNAbs
OP01	Opening session	27-Jul	17:00 - 18:30	Opening session	Cross-track	101A	General
PL01	Rethink. Rebuild. Rise.	28-Jul	08:30 - 10:00	Plenary session	Cross-track	101A	General, bNAbs
SY02	Bioengineering our way to a cure: Reprogramming immunity through novel approaches for HIV remission	28-Jul	10:30 - 11:30	Symposium	Track A: Basic and translational science	103	Cure
SAT26	Bridging the implementation gap: Practical insights to strengthen HIV prevention access for key populations	28-Jul	12:00 - 13:00	Satellite		201	General
SAT10	Prevention Through Partnership: How Can We Collaborate to Help End New HIV Transmissions?	28-Jul	13:30 - 14:30	Industry satellite		201	General
SAT16	Person-centred HIV prevention for key and vulnerable populations in Latin America and the Caribbean	28-Jul	13:30 - 14:30	Satellite		103	PrEP
SAT14	Innovation, equity and impact: 20 years of Unitaid reducing HIV mortality and infections	28-Jul	13:30 - 14:30	Satellite		204	PrEP, LEN
SY05	Beyond pills: The future of long-acting and curative therapies	28-Jul	15:00 - 16:00	Symposium	Cross-track	101A	Cure, treatment, long-acting therapies
SY07	Demedicalizing PrEP	28-Jul	15:00 - 16:00	Symposium	Track C: Epidemiology and prevention science	202	PrEP

OAE05	Economics of impact: Costing studies across the cascade	28-Jul	15:00 - 16:00	Oral abstract session	Track E: Implementation science, economics, systems and synergies	103	PrEP
OAD08	Loved by users, limited by systems: Qualitative insights into LAI-PrEP	28-Jul	16:30 - 17:30	Oral abstract session	Track D: Social and behavioural sciences	202	PrEP, LEN
SAT51	PathToScale for Injectable PrEP in Malawi: Scale-up findings and lessons from a systems-based approach to CAB-LA delivery	28-Jul	18:00 - 19:30	Satellite		202	PrEP, LEN, CAB-LA
SAT23	Sharing cross-country implementation learning and introducing a structured demand generation playbook supporting effective introduction and uptake of LEN within a broader PrEP Choice framework	28-Jul	18:00 - 19:30	Satellite		203	PrEP, LEN
SAT02	Understanding HIV evolution and host diversity in Africa to develop effective vaccines and antibodies	28-Jul	18:00 - 19:30	Satellite		101B	HIV Vaccine
SAT04	Reimagining PrEP delivery for youth through peer leadership and community insights	28-Jul	18:00 - 19:31	Satellite		101C	PrEP
PL02	The future of HIV prevention	29-Jul	08:30 - 10:00	Plenary session	Cross-track	101A	PrEP, HIV Vaccine
OAX11	AIDS 2026: Co-Chairs' Choice	29-Jul	10:30 - 11:30	Oral abstract session	Cross-track	101A	PrEP, LA-PrEP
OAF12	Beyond government and industry: Overcoming intellectual property barriers	29-Jul	10:30 - 11:30	Oral abstract session	Track F: Political science, laws, ethics, policies and human rights	202	PrEP, LEN
SY10	Leadership at the tipping point: Protecting the gains and advancing progress in a new era of the HIV response	29-Jul	10:30 - 11:30	Symposium	Cross-track	201	General
OAA15	Cure and control	29-Jul	10:30 - 11:30	Oral abstract session	Track A: Basic and translational science	204	Cure, bNAbs
SAT46	Choosing impact: Making long-acting HIV prevention a reality for key populations in sub-Saharan Africa	29-Jul	12:00 - 13:00	Satellite		205	PrEP, LEN

SAT54	Children can't wait: From Funding Crisis to Foundational Fixes: What it Will Actually Take to End Pediatric HIV	29-Jul	12:00 - 13:00	Satellite		103	PrEP, LEN
SS01	After the emergency: Rebuilding sustainable access to HIV treatment and prevention	29-Jul	13:30 - 14:30	Special session	Cross-track	101A	General
OAC19	PrEP in motion	29-Jul	16:30 - 17:30	Oral abstract session	Track C: Epidemiology and prevention science	201	PrEP, CAB-LA
SY19	bNAbs for cure: Hope or hype?	29-Jul	16:30 - 17:30	Symposium	Track A: Basic and translational science	205	Cure, bNAbs
SAT44	To fund or not to fund: Pathways and proof points to sustaining HIV prevention as part of integrated approaches and health financing reforms	29-Jul	18:00 - 19:30	Satellite		202	General
SAT20	Buying into the future: Economic evidence for scaling diversified PrEP delivery in the era of injectables	29-Jul	18:00 - 19:30	Satellite		101B	PrEP, LEN
SAT19	Gene engineering for HIV cure	29-Jul	18:00 - 19:30	Satellite		101C	Cure
PL03	Breaking down silos	30-Jul	08:30 - 10:00	Plenary session		101A	General
SAT30	Where's my lenacapavir? How to break monopolies and end the HIV epidemic	30-Jul	12:00 - 13:00	Satellite		202	PrEP, LEN
SAT56	A new era of prevention: Reimagining women's health through long-acting solutions	30-Jul	12:00 - 13:00	Satellite		203	PrEP, SRHR
SAT07	Long-Acting Antiretrovirals - A promise for hope	30-Jul	12:00 - 13:00	Industry satellite		204	LA-ARVs
SAT38	The incorporation of long-acting PrEP in middle-income countries: lessons learned and challenges ahead – The ImPrEP Project	30-Jul	12:00 - 13:00	Satellite		205	PrEP, LEN
WS16	Skills Lab: Community-led monitoring	30-Jul	12:00 - 13:30	Workshop		101C	General
OAC28	Moving to long-acting PrEP	30-Jul	15:00 - 16:00	Oral abstract session	Track C: Epidemiology and prevention science	101A	PrEP, CAB-LA, LEN

OAE29	Status-neutral practice: Interventions for young people	30-Jul	15:00 - 16:00	Oral abstract session	Track E: Implementation science, economics, systems and synergies	203	PrEP, CAB-LA
OAA30	Gen V: Next generation of HIV vaccines	30-Jul	15:00 - 16:00	Oral abstract session	Track A: Basic and translational science	204	HIV Vaccine, bNAbs
OAE31	Prevention in practice: Real-world advances in HIV prevention delivery	30-Jul	16:30 - 17:30	Oral abstract session	Track E: Implementation science, economics, systems and synergies	201	PrEP, LEN, PEP
SY25	From community to innovation to scale	30-Jul	16:30 - 17:30	Symposium	Cross-track	103	General
SAT45	The digital care continuum: Connecting AI, PrEP, and people	30-Jul	18:00 - 19:30	Satellite		203	PrEP
SAT24	Treatment interruption and resumption, learning from HIV cure trials	30-Jul	18:00 - 19:30	Satellite		205	Cure
SAT27	From choice to impact: Long-acting and multipurpose HIV prevention technologies	30-Jul	18:00 - 19:30	Satellite		101C	MPTs, Long-acting
PL04	New realities, new responses	31-Jul	08:30 - 10:00	Plenary session	Cross-track	101A	General
SY26	The promises of long-acting injectable PrEP for HIV prevention	31-Jul	10:30 - 11:30	Symposium	Track C: Epidemiology and prevention science	201	PrEP, CAB-LA, LEN
SY28	Unlocking HIV control: Host-virus genetics, immunity and the path to a cure	31-Jul	10:30 - 11:30	Symposium	Track A: Basic and translational science	204	Cure
OAE40	Practice and partnerships: Community roles in driving HIV service delivery	31-Jul	13:30 - 14:30	Oral abstract session	Track E: Implementation science, economics, systems and synergies	203	PrEP, LEN
PL05	Rapporteur report-back session	31-Jul	14:45 - 16:00	Plenary session	Cross-track	101A	General
CL01	Closing session	31-Jul	16:00 - 17:00	Closing session	Cross-track	101A	General
